FOR IMMEDIATE RELEASE:

MIAMI, FL — For more than 25 years, leading independent film studio, MTI Home Video has been releasing films of all genres to the home entertainment marketplace. On August 10, 2010, they will take you on a titillating journey about everything we love and hate, but really love, about sex and dating! Did we mention everyone is hot, yeah, 'cause we should mention that...

SAY GOODNIGHT is overflowing with bad advice, intimate stumblings, and the raunchy humor guys think women don't know is going on behind their backs. The comedy takes off as three guys tell a friend stories of how they met the loves of their lives... and then how they managed to completely screw it up.

The film was written and directed by first-time filmmaker David VonAllmen, perhaps best known for his comic book series "The Symbiotes," which led to a career as a writer for Marvel Comics. SAY GOODNIGHT was produced by Joseph Farmer (*Tapestry of Shadows*).

DVD Extras include: 16:9 widescreen format, 5.1 Dolby digital surround sound, director's commentary, behind-the-scenes, outtakes, music video, interactive menus, scene selection, trailers and optional Spanish subtitles.
